EDWARD F. ROACHForest Fire Warden  
HARRY L. SNELLING

## REPORT OF SELECTMEN

In submitting our report to the citizens of this Town our Board would call your attention to the fact that with but few exceptions the various Departments have kept within their appropriations. Any over-drafts or unpaid bills were due either to unforeseen emergencies or that the requisite amount, being an unknown quantity, the appropriation asked for was not sufficient for the needs of that department.

We wish to express our appreciation of the efficiency of the various Boards of Town Officers and their hearty co-operation with us in the conduct of the affairs of the Town.

In the matter of Public Works we would advocate a constructive policy. In the first place we would strongly urge that a sufficient sum be appropriated to thoroughly repair and maintain the macadam roads we now have that their usefulness may in no way be impaired.

A portion of granolithic walks should be built each year. Some of the old type wooden bridges are dangerous and costly to keep in repair and we recommend the replacement of one each year with concrete.

Signed,

STEPHEN F. BELLVILLE  
HAROLD B. PROCTOR  
HENRY K. GREENWOOD

*Selectmen of Millbury.*

## RESOLUTIONS

### RETIRING TOWN OFFICERS

It is with sincere regret that we learn of the voluntary retirement from office of two of the most efficient public servants the town has ever had.

Whereas, Mr. Thomas A. Dowd, who for the past sixteen years has served as Auditor and now declines further service, we have no words with which to express our regret at his withdrawal.

There is no man in the town who has served in public office who stands higher in the confidence and regard of the citizens than Mr. Dowd.

The universal belief in his honesty, integrity and ability which for all these years has retained him in office speaks more highly for him than any words of ours can convey.

His fidelity in examining every bill presented to him by the various departments and his unequalled record of every monetary transaction won the admiration of all who know or realized the painstaking labor he devoted to the duties enjoined upon him by his office.

His loyalty to the town and his zealous care of its interests, made him an invaluable servant, whose place it will be more than hard to fill.

No citizen has yet failed to express regret that other interests have caused his retirement, therefore

Resolved, That we hereby express to him our sincere thanks for his untiring labors in behalf of the public interest and assure him that our best hopes and wishes will follow him wherever he may be.

Whereas: Mr. Harry W. Thomson who served the town as Selectman for five years, acting as Clerk of the board for four years, and resigned to accept the appointment of Tax

Collector at the time of the death of the late Rufus R. Crane.

For the past three and half years he has served as your Collector of Taxes and his record shows a smaller percentage of uncollected taxes than any other Collector for many years. Even in the years when payments everywhere were hard to make and taxes never presented so great a burden, he succeeded in collecting them and at the same time retained the esteem of the ones he had to urge the hardest to pay their assessment, and

Whereas, He has filled the office from which he is now retiring with great acceptability and universal satisfaction; therefore

Resolved, That the whole townspeople join with us in wishing him the highest prosperity in any new field of endeavor with which he may be identified.

Signed,

STEPHEN F. BELLVILLE

HAROLD B. PROCTOR

HENRY K. GREENWOOD

*Selectmen of Millbury*

## REPORT OF AUDITOR

To the Citizens of Millbury:

I herewith submit my annual report for the period ending Dec. 30, 1922, which shows the receipts and expenditures of the various departments of the Town which may be found under head of said boards.

As usual we have not been quite able to keep within just the amounts allotted by the town in our expenditures of some of the appropriations.

I would suggest that in a measure the establishing of a reserve fund under control of Selectmen and Finance Committee would assist in eliminating conditions now existing in overdraft on these appropriations.

THOMAS A. DOWD,  
*Auditor.*

## REPORT OF OVERSEERS OF THE POOR

In making our report we propose to give the citizens of Millbury a detailed statement of what we have done.

We received an appropriation of \$9,000, with the right to draw from the money reimbursed to the town for such further sums as were necessary.

We have expended :

For the support of the poor of Millbury		\$9,983	88
For the support of the poor of other towns		2,737	62
For the support of the poor chargeable to the State		3,074	94
<hr/>			
		\$15,796	44

The item for the support of the poor of Millbury includes the sum of \$427.32 paid Charlton Poor Farm Association, which should have been paid in 1920, but has been carried on their books until this year. It also includes \$1,626.72, Mothers' Aid, one-third of which amounting to \$542.24, has been or will be returned to our Town Treasurer.

The two last items, amounting to \$5,812.56, have been or will be returned to our Town Treasurer.

We know of no outstanding bills against the Department, and have no unpaid bills to report.

## REPORT OF CEMETERY COMMISSIONERS

The Cemetery Commissioners herewith submit their annual report for the year ending December 31st, 1922.

We have received \$1,525.00 for the perpetual care of lots and the money has been deposited in the Millbury Savings Bank.

During the year there have been 42 burials in Central Cemetery.

Owing to the high cost of labor and material, we are obliged to ask for a larger appropriation in order to meet our bills.

A law enacted by the Legislature two years ago obliges us to care for the lots where soldiers are buried and we shall need an appropriation for that purpose.

### FINANCIAL REPORT

STEPHEN F. BELLVILLE,

HAROLD B. PROCTOR,

HENRY K. GREENWOOD,

*Selectmen of Millbury.*

## TOWN WARRANT

Worcester, ss.

To either of the Constables of the Town of Millbury, in the County of Worcester, Greeting:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Millbury, qualified to vote in elections and town affairs, to meet at the Town Hall, in said Millbury, on Monday the Fifth day of February next, at fifteen minutes of six o'clock in the forenoon, to act on the following articles, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose one Selectman for the term of three years, one Selectman for the term of two years, one Selectman for the term of one year, a Town Clerk, Treasurer, Collector of Taxes, Auditor, six Constables, Tree Warden, Highway Surveyor, all for the term of one year, one Overseer of Poor for three years, one member of the School Committee for three years, one Assessor for three years, one member of the Board of Health for three years, one Trustee of Town Library for three years, and one Commissioner of Cemeteries for three years, all to be voted for on one ballot. Also on same ballot, to vote "Yes" or "No" in answer to the question: "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?" Also on the same ballot to vote "Yes" or "No" upon the following question: "Shall Chapter 807 of the Acts of 1913, being an act to provide for compensating Laborers, Workmen and Mechanics for injuries sustained in public employment and to exempt from legal liability counties and municipal corporations which pay such compensation, be accepted by the inhabitants of this Town?" Also on the following question: "Shall the Town petition for the installation of an accounting system by the Commonwealth?"

Article 3. To choose all other necessary Town officers for the year ensuing.

Article 4. To hear the reports of the several Town officers and committees and act thereon.

Article 5. To raise and appropriate such sums of money as may be necessary to defray Town charges for the year ensuing, including sums for the lighting of streets, the maintenance of the Town Library, the observance of Memorial Day, care and improvement of cemeteries, care of clocks, care of fire alarm, the use of the Tree Warden, and for Town Aid to needy soldiers and their widows, salaries of fire department, or take any action thereon.

Article 6. To determine the time when all taxes shall be payable and make regulations concerning the payment of the same.

Article 7. To see if the Town will vote to authorize Treasurer with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

Article 8. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year of 1924.

Article 9. To see if the Town will authorize the Selectmen to employ counsel in any suit that may be brought against the Town.

Article 10. To choose any committee or committees that may be thought necessary.

Article 11. To see if the Town will authorize the Selectmen to publish a list of all uncollected taxes with the annual reports.

Article 12. To see what action the Town will take with regard to hiring one or more permanent policemen to patrol our streets in the night time and raise and appropriate money for the same, or take any action thereon.

Article 13. To see if the Town will authorize the Assessors to print the valuation and Tax list and raise and appropriate money therefor.

Article 14. To see if the Town will authorize the payment of outstanding bills from the unexpended balance in the Treasury or take any action thereon.

Article 15. To see if the Town will raise and appropriate a

sum of money to pay the unpaid bills that cannot be met with the unexpended balance in the Treasury, or take any action thereon.

Article 16. To see if the Town will raise and appropriate the sum of \$250, to be paid to the Millbury Society for District Nursing, or take any action thereon.

Article 17. To see if the Town will raise and appropriate a sum of money to care for neglected Soldiers' graves, or take any action thereon.

Article 18. To see if the Town will raise and appropriate a sum of money for granolithic sidewalks, providing the abutters are willing to pay one-half of the cost, same to be located and built under the direction of the Selectmen, or take any action thereon.

Article 19. To see if the town will raise and appropriate a sum of money for a series of Band Concerts, or take any action thereon.

Article 20. To see if the Town will raise and appropriate a sum of money for Ford chassis and equipment for fire fighting purposes in East Millbury, or take any action thereon.

Article 21. To see if the Town will raise and appropriate a certain sum of money to cover expenses of heat and light of Blanchard Hall, now used by the Legion Post, or take any action thereon.

Article 22. To see if the Town will raise and appropriate a sum of money for a hydrant on Sycamore street beyond the house of Annie L. Sullivan so called, or take any action thereon.

Article 23. To see if the Town will raise and appropriate a sum of money to install suction pipe from Dority pond to Millbury avenue, for fire fighting purposes, or take any action thereon.

Article 24. To see if the Town will raise and appropriate a sum of money to connect heater in cellar of Town Hall with Fire Department Headquarters, or take any action thereon.

Article 25. To see if the Town will raise and appropriate a sum of money to build a cement bridge to replace wooden bridge on Sycamore street, or take any action thereon.

Article 26. To see if the Town will raise and appropriate a

sum of money to construct a drain on South Main street, to be left under direction of Selectmen, or take any action thereon.

Article 27. To see if the Town will raise and appropriate a sum of money to continue line of streets light on Providence street to Sutton line or take any action thereon.

Article 28. To see if the Town will raise and appropriate a sum of money to construct sidewalk and culvert on northerly side of Hamilton street from Archie Martin's home to Howe avenue or take any action thereon.

Article 29. To see if the Town will raise and appropriate a sum of money to provide for state aided vocational educations in accordance with the provisions of Chapter 74 of the general laws and acts amendatory thereto and dependent thereon.

Article 30. To see if the Town will vote the use of the Town Hall for Basket Ball during the present year to the Millbury Industrial Basket Ball League and the Millbury High School for nominal charge of heat and light. The Selectmen having the right to revoke such if in their judgment the same is being abused or take any action thereon.

Article 31. To see if the Town will raise and appropriate a sum of maney to purchase seats to be placed on Common, or take any action thereon.

Article 32. To see if the Town will vote to authorize payment from unexpended balance for land voted for in Article 31 Town Warrant of 1922, or take any action thereon.

Article 33. To see if the Town will raise and appropriate a sum of money for granolithic sidewalk to run from cement bridge on easterly side of Canal street to junction of Riverlin street, abuttor to pay half, or take action thereon.

Article 34. To see if the Town will raise and appropriate the sum of \$1000 for granolithic walk from westerly end of Maple street on northerly side, as far as money will go or take any action thereon.

Article 35. To see if the Town will raise and appropriate a sum of money for an electric light at the junction of Sycamore and South Main streets or take any action thereon.

Article 36. To see if the Town will raise and appropriate a

sum of money to pay for safe purchased for town clerk's office or take any action thereon.

Article 37. To see if the Town will raise and appropriate a sum of money to provide for extraordinary or unforeseen expenditures under the provisions of Chapter 40, Section 6 of the General Laws of Massachusetts, to be known as the reserve fund.

Article 38. To see if the Town will vote to provide the present quarters to the Grand Army Post for the term of five years, or take any action thereon.

Article 39. To see if the Town will raise and appropriate a sum of money to repair the fence and paint iron work on McGowan bridge, or take any action thereon.

Article 40. To see if the Town will raise and appropriate a sum of money to repair Stone's Crossing road, or take any action thereon.

Article 41. To see if the Town will raise and appropriate a sum of money for the purpose of purchasing a field to be used for athletic purposes, or take any action thereon.

Article 42. To see if the Town will vote to lease a field for athletic purposes, and raise and appropriate money therefor, or take any other action thereon.

Article 43. To see if the Town will raise and appropriate a sum of money for the purpose of repairing Miles street, or take any other action thereon.

Article 44. To see if the Town will raise and appropriate the sum of \$300 to repair the road leading from the main street in West Millbury to the residence of Patrick H. McGrath or take any action thereon.

Article 45. To see if the Town will raise and appropriate a sum of money to continue the repairs of Greenwood street northward from portion of the street first repaired, or take any action thereon.

The polls will be open at six o'clock a. m., and may be closed at 4 o'clock p. m.

And you are directed to serve this warrant by posting up an attested copy thereof, at each of the Post Offices and at the First Congregational Meeting House in Bramanville, in said

Town, seven days at least before the time of holding said meeting.

Hereof fail not to make due return of this warrant with your doings thereon to the Town Clerk at the time and place aforesaid.

Given under our hands this sixteenth day of January in the  
year one thousand nine hundred and twenty three.

STEPHEN F. BELLVILLE,  
HAROLD B. PROCTOR,  
HENRY K. GREENWOOD,  
*Selectmen of Millbury.*

Attest: \_\_\_\_\_ Constable of Millbury

Millbury, Mass., January 16, 1923.

## REPORT OF FIRE ENGINEERS

Millbury, Mass., January 1, 1923

To the Board of Selectmen:—

The engineers of the fire department appointed by your honorable board, met and organized as follows:

GEORGE E. WHITEHEAD, Chief  
JOSEPH E. ARMY, Clerk  
WILLIAM D. HORNE, Asst.

During the year the Town had several fires which resulted in considerable loss. Notably the Hull Waste house, McCaskill barn, Storehouse on West street and the York house. The loss for the year was about ten thousand dollars. The apparatus is in excellent condition and has given the best of service. During the year Company No. 1 has responded to 32 box and 19 still alarms. Company No. 2 responded to 29 box and 23 still alarms. The latter company has also responded to 8 calls for aid from our neighboring towns, 6 calls from Sutton and 2 from Grafton. During the year the Town of Sutton paid the department \$100.00 which was divided between the town and the men who served at Sutton fires. During the year it was necessary to add 500 feet of hose to the supply on hand. No appropriation was made for this purpose. In common with other cities and towns, Millbury suffered a heavy loss from the ice storm. For several days the department was without a single alarm box. The more important boxes were soon in order but it cost close to \$1,000.00 to repair the damage. In view of this large unexpected expenditure we feel that the over run of appropriation is small. The financial report will be found elsewhere. In November an invitation was received from the Mayor and Fire Com-

missioner of Boston to participate in the celebration of the 50th anniversary of the great fire of 1872. Company No. 2 was selected to represent the town and we feel that both men and apparatus were a credit to Millbury. Despite the fact that Fire Officials, Underwriters, and the government are making every effort to educate the people to prevent the starting of fires, the fire loss of the American people grows larger year by year. In 1922, it was around four hundred and eighty-five million of dollars. Almost half a billion and 90% easily preventable by exercise of ordinary precaution. Even in our small town we find the most lamentable conditions when fires are investigated. We once more endeavor to impress upon our own people the necessity for extreme care. We ask all to co-operate with us in our endeavor to keep the fire loss of Millbury as low as possible. We would like every citizen to be familiar with the location and working of the nearest fire alarm box. In case of fire give the alarm from the box and stay at the box to direct the department to the fire. Do not depend upon telephone if a fire alarm box is close by. We thank all those who have assisted the department during the last year. We feel that the department has given good service especially where consideration is given to the fact that it is composed entirely of call men.

Respectfully submitted,

GEORGE E. WHITEHEAD,  
JOSEPH E. ARMY,  
WILLIAM D. HORNE,  
*Engineers of Fire Department.*

## REPORT OF TRUSTEES OF PUBLIC LIBRARY

Your Trustees submit the following as their report for the year ending December 31st, 1922. The Library has been open during the year, 228 days. We have purchased a total of 245 new books, divided as follows: Fiction 108, Juvenile 102, Classified 10, Renewals 25.

Circulations for the year were 14,201, classified as follows: Fiction 8873, Juvenile 4075, Classified 673, Magazines 580.

The Library is open as usual on Sunday afternoons, during the winter months, between the hours of 2.30 and 5.30, for reading purposes only.

The wire fence on the northern boundary of the library lot was moved several feet nearer the library building during the year, thus giving the Community House the benefit and use of considerable space, which was not necessary for library purposes.

We have, during the year, spent a somewhat larger sum of money for new books than we did the previous year. This was made possible by the fact that we were unable to purchase a supply of coal to last us through the winter as has been customary for several years past. This, of course, carries a part of our 1922 expense into 1923 appropriation.

No interest has been drawn from the trust funds in our care during the year, as in 1921 it was necessary that we draw upon these funds to a considerable degree, bringing them down to nearly the principal, and we deemed it best to let them accumulate for at least this year.

## REPORT OF SCHOOL COMMITTEE

To the Citizens of Millbury:

The Superintendent of Schools in his report found on the following pages has covered the activities of the School Department during the past year. He has called attention to several topics which are of vital importance to the children who are attending schools and who are about to attend. The trouble with the whole situation is that the carrying out of the recommendations is going to put an increased burden upon the taxpayers.

At the present time we are fortunate in having our schools maintain the high rating that they have, especially when we consider the fact that the cost to the Town of Millbury per pupil is far below the per pupil cost to other towns in our vicinity which have approximately our population and assessed valuation. The natural business conclusion is that the administration has been so efficient that it has obtained high standards in education at an expenditure of less money than is paid by other towns situated similarly to us. One of the primary reasons for this result is the splendid co-operation between school committee, superintendent and teachers. All have been striving for a common object. If the results have been obtained it is due primarily to the work of the superintendent and the teachers and supplemented by the work of your committee in acting for the interests of the schools and in conserving the moneys appropriated for school expenditures. Special committees appointed to assist and co-operate with the school committee have spent much time and endeavor to carry out the purpose for which they were appointed and ought reasonably to share in any commendation of the citizens for the work that these special committees have done.

The proper education of youth was never more necessary than today. We are living in an age which has brought about trouble and disruptions unsurpassed in history. A constructive

but yet conservative program should be followed. Men who are finding fault with present conditions with little or no other reason than to hear themselves talk should have no place in public affairs. Just criticism should always be welcomed by men who are in public service. Even unjust criticism may be tolerated if it comes with an honest purpose but upon mistaken information.

In a generation the schools of Millbury have progressed and attained a standard for which the citizens and taxpayers should be commended and the persons in whose charge the school affairs have been entrusted should receive recognition for devoted public services. It is the thought and hope of your committee that the education of children in our schools shall not be neglected, that it shall continue to improve, that higher ideals shall ever supplant selfish motives in administration to the end that the graduates of our schools may go forth into life armed with the ideals of life and its motives and ever ready to use all that is in them and all that they have been taught for the betterment of conditions among their fellow-men in State and Country. If the spirit imbued in public school life, the information there received and the training here acquired is not of a high character then our education is a failure, and if our education fails, the foundations of our Republic are threatened.

With keen appreciation for all that has been done by friends of the public schools this report is

Respectfully submitted,

THOMAS H. SULLIVAN, Chairman,  
WALTER B. HORNE, Secretary,  
CHARLES F. DAY.

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee;—

I respectfully submit this, my eleventh annual report and the thirty-third in the series of such reports by Millbury School Superintendents.

In this report the following topics are considered:

- I The School Congestion and Possible Remedy.
- II Improvement in Health Conditions.
- III Our School Aims.
- IV Resume for 1922.
- V Some Pressing Needs.
- VI How the School Money Was Spent.

### I. SCHOOL CONGESTION

#### (a) What is the answer?

1 Shall every pupil go to school a full day and every teacher have a separate class room for her pupils?

160 pupils in Providence St. School now lose a day a week or more by reason of shortened sessions because of congestion. 6 teachers are now without class rooms of their own.

2 Shall we have a Junior High School as most towns now do?

Almost everywhere it has become the custom to have a junior high school composing the pupils of the 7th, 8th, and 9th grades or the 7th and 8th grades. Such a school permits arranging the work of these grades along departmental lines as in the high school and also allows a wider choice of subjects particularly along vocational lines. Do we want our schools in line, with a good junior high school? We have no place for it now.

3 Shall the High School have the added room its increased size requires?

Its present enrollment is 191 pupils distributed among eight

teachers in six class rooms. Each teacher can not have a separate class room for her pupils because a part of the rooms of the building are occupied by pupils of the seventh and eighth grades. Without these rooms for its own use the High School is handicapped for space. Do we want the High School to have room enough for the best training of its pupils?

4 Shall we have a "progress class" as the law requires?

We have more than ten pupils retarded more than three years in their work. The State says we must provide a separate room for these so that they may receive the individual help and special training they need. We have no such class now because we have no room in which to place it. Shall we continue to violate the law relating to these children and provide no room for them?

5 Shall the town because there is in prospect sometime a private school or private schools, that may take away a part of its pupils, fail in its present duty to see that every child has a school to go to for a whole day where he has a fair chance to learn without this being hazarded by overcrowding?

#### (b) Is this Answer a Good One?

1 Remove from the High School the two eighth grades. This would leave room enough for the high school pupils and would also give each teacher a separate room there.

2 Change the Union School into a Junior High School, bringing to it the seventh and eighth grades now in the High, Burbank and Union Schools and the sixth grades now at Providence St. School, about 240 in number or sufficient to fill the six rooms. This arrangement would supply the need of the Junior High School and remove the congestion at High and Burbank and in part at Providence St.

3 A new 8-room school located on or near North Main St. would be required to take care of the first five grades removed from Union School, the fifth grade from Providence St., and the first three grades at Park Hill, in all about 280 pupils. These children would fill seven rooms. An eighth room would be required for the "progress class" before mentioned. This eight

room building then would contain the first five grades and the "progress class." It would make possible the following things:

- 1 The removal of all congestion and the giving of each teacher a separate class room and each pupil the opportunity to go to school all day.
- 2 The having of a separate room for a progress class.
- 3 The High School having the whole building to itself.
- 4 The having of a Junior High School and that centrally located.
- 5 Making Providence St. a four grade school and Burbank a six and filling these schools with nearby pupils.
- 6 The closing of Park Hill School as its children could as conveniently attend the new school.

The approximately 850 children of the first eight grades now at High, Union, Burbank, Providence Street and Park Hill under the proposed arrangement would be distributed somewhat as follows:

Building	Pupils	Grades
Union Junior High	240	Grades 6-8
Burbank	180	Grades 1-6
Providence St.	140	Grades 1-4
New North Main St. School	290	Grades 1-5
<hr/>		
Total	850	Grades 1-8

## II. SCHOOL HEALTH

Under the direction of the school physician and the school nurse an active campaign has been waged to improve the physical condition of the children in school. Recognizing that underweight is one sign of malnutrition and also poorer physical condition, the weights of all children have been taken every month. These have been posted in the school room for each child to see how his weight compares with that normal for his age and height. Those children who are found underweight are advised by the school nurse in regard to their diet and to

other conditions that may remedy underweight. The effectiveness of the charts used, the talks given, and the change in diet and habits brought about may be seen from the following table showing the number of children 10 per cent underweight in September and again three months later in December. Those 10 per cent underweight are taken because authorities are agreed that if a child is 10 per cent underweight he should receive the attention of the school nurse or the school physician.

*Children 10% Underweight*

School Union,	Enrollment	September	December
Grade 1	61	12	2
Grade 2	43	3	0
Grade 3	43	10	1
Grade 4	41	6	0
Grade 5	40	10	2
Grade 7	88	16	6
High, Grade 8	71	22	9
Total	387	79 or 20%	20 or 5%

Providence St.,

Grade 1	28	5	0
Grade 2	23	7	1
Grade 3	35	4	0
Grade 4	30	11	0
Grade 5	44	7	2
Grade 6	60	18	1
Total	220	52 or 22%	4 or 2%

Burbank,			
Grade 1	27	7	2
Grade 2	40	5	0
Grade 3	49	18	4
Grade 4	43	15	6
Grades 5 and 6	44	18	3
<hr/>	<hr/>	<hr/>	<hr/>
Total	203	63 or 31%	15 or 7%
 East Millbury,			
Grades 1 to 6	60	17 or 28%	4 or 6%

It will be seen that from September to December those in the Union School and Grade 8, High School, who were 10 per cent underweight, decreased from 79 to 20, or from 20 per cent of all the pupils to 5 per cent. In Providence Street the decrease was from 52 to 4, or from 22 per cent to less than 2 per cent of all, and in the Burbank School the decrease was from 63 to 15, or from 31 per cent to 7 per cent of the enrollment. At East Millbury, they decreased from 17 in September, to 4 in December, or from 28 per cent to 6 per cent.

The importance of this reduction may be seen when the following is read from Bulletin No. 1 on Health Education, issued by the Department of Interior at Washington:

"The malnourished child is always underweight. One may class every child who is as much as 10 per cent underweight for his height as a malnourished or undernourished child. Such children are usually pale and anaemic, inattentive, listless in their studies, and disinclined to run and play. They are easily fatigued, both mentally and physically, and are often retarded in their school work. The malnourished child is peculiarly susceptible to disease, he is always catching whatever disease happens to be making the rounds. His muscles are soft and flabby."

A larger than usual number of children have had their adenoids and enlarged tonsils removed. Many have been taken in to the clinics at Memorial Hospital by the school nurse. The work has been done without charge there for those not able to

meet the expense. When it is realized that adenoids and enlarged tonsils are responsible for many of the ills of life because of their obstruction of breathing, causing malformation of the face, the breast, and of the teeth, making the child stupid, or ill-tempered, or inattentive, or deaf, the importance of having these removed early is easily seen. Thirty-two children of those reported by the school physician as having enlarged tonsils or adenoids or both, had these removed this year. In many cases an improvement in health, in attitude and in school work has followed at once.

For a more detailed account of the health work, I would refer you to the following, taken from the annual report of the school nurse, Miss Helen Copp:

"Malnutrition, hypertrophied tonsils and adenoids, eye and ear defects, communicable diseases and improper oral hygiene are the great problems which handicap the advancement of many school children.

"The children have become greatly interested in suitable foods. This has come about largely through talks that have been given, showing what foods are helpful and what injurious, and how these tend to correct or produce underweight or malnutrition. The percentage of those ten per cent underweight in September has dropped from twenty-five per cent of the whole enrollment, to five per cent in December, as may be seen from the tables in the Superintendent's report.

"In regard to hypertrophied tonsils and adenoids; thirty-two children have had their tonsils removed this year, and three have had correction of nasal obstruction. In every case the children have responded remarkably well to treatment, gaining both in weight and general efficiency in school work.

"The Eye and Ear Test was given by the school nurse this year. Fifteen cases of defective vision and hearing have already been taken to specialists and received treatment.

"There have been but few cases of communicable disease in the schools. In May, under the direction of the local Board of Health, the Schick Test was given by Dr. Oscar A. Dudley, of the Massachusetts State Department of Health, to seventy children whose parents gave consent. The test shows whether

or not the subject is immune to diphtheria. Seventy-two per cent of the number were found to be positive cases. It is hoped that this test may be followed by a treatment which renders all positive cases immune.

"The question of oral hygiene in a town where there is but one dentist is a grave one. The Memorial Hospital Out-Patient Department has been very generous in allowing special cases of tonsils to be operated upon free of charge. This, of course, is not true of teeth. There are more cases of defective teeth in Worcester than all of the Clinics can handle. The examination of our school children here, as almost everywhere else, shows so many cases of defective teeth as to prove the great need of some provision whereby this condition can be remedied without too great expense to parents. So many troubles affecting children and adults, have been found to be due to bad teeth, that people now, generally recognize the necessity of having these well cared for, if they are to have sound bodies. The usual way of improving the condition of school children's teeth is through the Dental Clinic which aims to care for them at a greatly reduced cost.

"Visits to the homes have proven to be a great source of inculcating health habits. Co-operation on the part of the teachers has been invaluable."

### III. OUR SCHOOL AIMS

1. A fair deal to every parent, teacher and pupil.
2. Such treatment of teachers that there will be no friction, but will be cordial co-operation.
3. Careful selection of teachers and constructive direction of their work after appointment.
4. Carefully prepared outlines for the work of each grade so that each teacher shall know exactly what her school should accomplish.
5. Up-to-date courses of study and methods of instruction.
6. Proper consideration for the rapid advancement of bright children as well as especial attention to the needs of the backward.

7. Careful attention to the retardation of pupils so that no more children are "held back" than should be in an efficiently managed school.

8. Checking up the school work by the use of standard intelligence and accomplishment tests so that we may know how our work compares with that of other schools and whether our children are doing as well as their abilities justify.

9. Careful attention to the physical as well as to the mental well-being of the children.

10. To have up-to-date school books and supplies and sufficient of them.

11. Making instruction as practical as possible, teaching children *how* and *why* as well as *what* and *when* and *where*.

12. Careful expenditure of money but not to the extent of handicapping the efficiency of the schools.

13. To make each school a center for training in good citizenship.

#### IV. RESUMÉ FOR 1922

1. Remodelling of Providence Street School for toilets and the construction for this school of a fire escape.

2. Finishing an additional basement room at High School and equipping it with movable furniture as a class room.

3. Transferring one 7th Grade from Union School to new basement room in High School, thus doing away with the necessity for any part time school at the Union School.

4. Equipping additional rooms at High, Union and Providence Street with electric lights.

5. Opening an additional part time school at Providence Street, to overcome the crowding in the 3d and 4th Grade room, and employing an additional teacher for the new class.

6. Having six part time schools at Providence Street.

7. Largest High School registration, 191, and largest total registration, 1139.

8. Large number going to college and normal school, seven to college and six to normal school.

9. Renewal of certificate privileges for High School.

10. Great reduction in the per cent greatly under weight due to better instruction in regard to children's diet. (See tables.)

11. Increased effort to bring about the remedying of such physical disabilities as poor sight, poor hearing, and poor breathing, particularly that due to enlarged tonsils and to adenoids.

12. Provision by the Community House during the winter months of hot cocoa for pupils bringing their dinners. About 100 were accommodated daily. The cocoa was furnished at cost.

13. Granting of the use of the Community House grounds to pupils of High and Union Schools for play purposes.

14. Continuation of the school savings system under the direction of the Millbury Savings Bank.

15. Continuation of the popular story hour for elementary school pupils at the library by the Woman's Club.

16. Continuation of the prizes annually offered by Dr. A. G. Hurd for the best essay by a pupil of the Senior class on some health topic; by Mrs. C. B. Perry for excellence in declamation in the Freshman class; by Dr. J. R. Lincoln to the best all around boy in the High School; by Father Gauthier for the best essay by a pupil of the 8th Grade on some topic assigned by him; by Dr. A. L. V. Sharon for the best essay on "Care of Teeth," by a pupil of the 8th Grade.

## V. THINGS WE VERY MUCH NEED BUT DO NOT HAVE BECAUSE OF LACK OF MONEY TO SUPPORT THEM

1. A home-making course for girls in the High School, such a course as is now generally found in most Massachusetts high schools of the size of ours.

2. Additional school accommodations as outlined earlier in this report.

3. New adjustable seats to replace the worn out seats in Union and Burbank Schools.

4. Kindergartens for children under five years and eight months old, too young to enter the primary schools.

5. The State Police require us the coming year to install new toilets in the Burbank School as we have already done at Union and Providence Street Schools.

6. A Dental Clinic.

7. Evening Schools for those desiring to attend them.

## VI. HOW THE SCHOOL MONEY WAS EXPENDED DURING THE STATE YEAR ENDING JUNE 30, 1922

<i>Item</i>	<i>Expenditures</i>	<i>Cost per Pupil</i>
Teachers	\$37,736 50	\$35 30
Janitors	3,029 90	2 83
Superintendent, etc.	2,830 59	2 71
Fuel	5,680 65	5 31
Conveyance	3,948 93	3 69
Supplies	2,004 20	1 87
Books	1,829 27	1 71
Repairs	3,282 40	4 94
Miscellaneous	1,173 88	1 10
Health	951 77	90
<hr/>		
Total	\$64,468 09	\$60 36

Average per pupil for State for year ending June 30, 1922, \$78.13.

The appropriation for schools for 1922 was approximately \$70,500, distributed as follows:

Salaries	\$48,000
Unpaid bills	2,500
Repairs (New)	4,000
Other Expenses	16,000
<hr/>	
Total	\$70,500

Approximate cost per pupil on this expenditure, \$64.00. This is still far below the average for the State for last year.

A balance from this appropriation of \$3,114.25 remains unexpended because repairs at Providence Street were not completed; because of smaller fuel purchase, and because not as many teachers were employed as it was expected would be necessary.

In closing, I wish again for the eleventh time, to express my deep appreciation of the cordial and helpful co-operation received from your committee, from the teachers and from many citizens who in different ways have contributed to the welfare of the schools.

C. C. FERGUSON,  
*Supt. of Schools.*

## PRINCIPAL'S REPORT

Mr. C. C. Ferguson, Superintendent of Schools,  
Millbury Mass.

Dear Sir:—

I have the honor of submitting my first annual report as Principal of the Millbury High School.

The school opened this fall with the largest enrollment in its history. This year shows an increase of 15 over that of last year, bringing the total up to 191. Of this number there are 33 Seniors, 35 Juniors, 50 Sophomores, 72 Freshmen, and 1 Post Graduate.

Comparing these figures with those of the preceding five years, the growth has shown a steady advance each year. On a comparative basis with other towns of approximately the same population in the state, our status is high.

The Certificate Privilege (allowing students to enter college without examinations providing a definite standard has been maintained throughout the course) has been regranted by the Worcester Polytechnic Institute for a period of three years. The State Department has also renewed our Certificate Rights to Normal Schools for the present year. Application has also been made to the New England College Certificate Board for a renewal of its privilege for the ensuing year. This privilege allows students to enter Amherst, Bates, Boston University, Bowdoin, Brown- University, Colby, Mass. Agricultural College, Tufts, Wesleyan and Williams.

At the present time, Millbury High School has graduates in the following Colleges; two at Brown University, four at Worcester Polytechnic Institute, four at Holy Cross, two at Wellesley, two at Clark, two at Bucknell, one at Bates, one at Vassar, one at Boston University, and one at Mass. Agricultural College. The school has a large per cent. of its recent graduates enrolled in the Normal Schools, and many of this

year's class have signified their intention of entering Higher Institutions of Learning.

The school is a member of the Athletic League which is composed of eight towns in the county. Baseball and Basketball teams have been maintained as in the past, while during this past spring an Interscholastic Track and Field meet was staged by the league. This is to be continued as an annual affair. The latter sport is the only new one that has been added to Millbury High School. This branch of Athletics is considered to be especially beneficial, as it often interests and develops an additional group of students who are not qualified for the other types of sports.

Every school must have "extra curricula activities." They not only develop and train students along lines that they otherwise would not come in contact with, but they also increase the interest in the major work.

Through the generosity and interest in high school work many prizes have been offered by citizens and organizations. The Freshman Declamation Contest; made possible by the thoughtfulness of Mrs. C. B. Perry, was awarded to Natalie and Harry Thomson. Through the kindness of Dr. A. G. Hurd, we have annually contested for a prize on some subject in relation to Health. The winner of this past year's contest was Iva Gibson on "Recreation pertaining to Health."

The annual award given by Dr. J. R. Lincoln for the boy who ranks first in "Scholarship, Athletics, General Appearance, Manliness, and Honor," was adjudged to Howard Witter. The medal given by the Sons of the American Revolution for the best work in History was won by Iva Gibson. In the Music Memory Contest, Natalie Plante was adjudged first, Marcel Plante second, and Laura Allaire, third.

One thing in particular I wish to have the parents take into consideration, and that is the great number of absences. Illness should be the only excusable reason for absence. In nearly every case, work which is lost, can never wholly be made up and the efficiency of the student is greatly lowered.

In closing, I wish to especially commend various members of the faculty for their work and interest in school activities;

Miss Helen Brady for her supervision of the "Reflector," our monthly School Paper, Miss Gertrude Dudley and Miss Mary Boyle for their keen interest and resulting accomplishments with the Orchestra and Glee Clubs respectively. Mr. Herbert Carroll has taken great interest and given much of his time improving school athletics during the past year, while Mr. Edward Reidy is to be commended for his efforts in organizing a Literary Society among the students of the school.

My attitude is simply one of appreciation and thanks for the splendid co-operation by all connected with the Millbury High School.

Respectfully submitted,

ERNEST W. PRATT,

*Principal.*

## GRADUATION EXERCISES, CLASS OF 1922

## PROGRAM

Entering March	Graduating Class
Prayer	Reverend Dr. C. C. P. Hiller
Opening Chorus—"Summer Fancies School"	<i>H. M. Ingalls</i>
School	
Soloist, Miss Julia Sullivan	
Essay—"The Friendly Art of Letter Writing"	
Dorothy Ruth Marble	
Vocal Solo—"Because I Love You Dear"	
Miss Vivian Barry, accompanied by Miss Ruth Hofstra	
Essay—"The Public Library in the Community"	
Ruth Evelyn White	
Essay—"Citizenship"	<b>Ruth Rebecka Ceder</b>
Cornet Solo—"O Promise Me"	<i>Reginald de Kover</i>
Waldo William Horne	
Essay—"Radio"	Iva Ruth Gibson
Singing—"Song of American Youth"	<i>J. C. Macey</i>
School	
Presentation of Diplomas	by Mr. Thomas H. Sullivan
Chairman of the School Committee	
Singing—"The Star Spangled Banner"
